## **Star Wars: The Blueprints** J. W. Rinzler

*Star Wars: The Blueprints* brings together the original technical drawings from deep within the Lucasfilm Archives. Combined with insightful commentary from best-selling author J. W. Rinzler, the collection maps in precise, vivid, and intricate detail the very genesis of one of the most enduring and beloved stories to appear onscreen.

The meticulously researched text gives voice to the groundbreaking and brilliant engineers, designers, and artists that have, in film after film, created the most imaginative and iconic locales. *Blueprints* shows how in bringing this extraordinary epic to life, early concepts were translated into iconic sets—the rebel blockade runner, the *Millennium Falcon*, the bridge of General Grievous’s flagship, Jabba the Hutt’s throne room, and many others—thanks to the exquisite craftsmanship and artistry of successive art departments.
