Human Factors and Ergonomics in Consumer Product Design: Methods and Techniques (Handbook of Human Factors in Consumer Product Design)

Human Factors and Ergonomics in Consumer Product Design: Methods and Techniques (Handbook of Human Factors in Consumer Product Design)

Every day we interact with thousands of consumer products. We not only expect them to perform their functions safely, reliably, and efficiently, but also to do it so seamlessly that we don't even think about it. However, with the many factors involved in consumer product design, from the application of human factors and ergonomics principles to reducing risks of malfunction and the total life cycle cost, well, the process just seems to get more complex. Edited by well-known and well-respected experts, the two-volumes of *Handbook of Human Factors and Ergonomics in Consumer Product Design* simplify this process.

The first volume, **Human Factors and Ergonomics in Consumer Product Design: Methods and Techniques**, outlines the how to incorporate Human Factors and Ergonomics (HF/E) principles and knowledge into the design of consumer products in a variety of applications. It discusses the user-centered design process, starting with how mental workload affects every day interactions with consumer products and what lessons may be applied to product design. The book then highlights the ever-increasing role of information technology, including digital imaging, video and other media, and virtual reality applications in consumer product design. It also explores user-centered aspect of consumer product development with discussions of user-centered vs. task-based approach, articulation and assessment of user requirements and needs, interaction with design models, and eco design.

With contributions from a team of researchers from 21 countries, the book covers the current state of the art methods and techniques of product ergonomics. It provides an increased knowledge of how to apply the HF/E principles that ultimately leads to better product design.

From reader reviews:

Lila Dixon:

Nowadays reading books become more and more than want or need but also become a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book that will improve your knowledge and information. The details you get based on what kind of e-book you read, if you want drive more knowledge just go with schooling books but if you want feel happy read one using theme for entertaining such as comic or novel. Often the Human Factors and Ergonomics in Consumer Product Design: Methods and Techniques (Handbook of Human Factors in Consumer Product Design) is kind of publication which is giving the reader unstable experience.

Maureen Bonds:

A lot of people always spent their free time to vacation or maybe go to the outside with them family members or their friend. Do you know? Many a lot of people spent many people free time just watching TV, as well as playing video games all day long. If you wish to try to find a new activity that's look different you can read the book. It is really fun for you personally. If you enjoy the book that you simply read you can spent all day every day to reading a reserve. The book Human Factors and Ergonomics in Consumer Product Design: Methods and Techniques (Handbook of Human Factors in Consumer Product Design) it is rather good to read. There are a lot of folks that recommended this book. We were holding enjoying reading this book. Should you did not have enough space to bring this book you can buy the e-book. You can m0ore very easily to read this book from a smart phone. The price is not to cover but this book features high quality.

Phyllis Spencer:

Reading a book to be new life style in this yr; every people loves to examine a book. When you learn a book you can get a great deal of benefit. When you read guides, you can improve your knowledge, due to the fact book has a lot of information upon it. The information that you will get depend on what kinds of book that you have read. If you wish to get information about your study, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, in addition to soon. The Human Factors and Ergonomics in Consumer Product Design: Methods and Techniques (Handbook of Human Factors in Consumer Product Design) provide you with new experience in reading through a book.

Brenda Robert:

As we know that book is very important thing to add our understanding for everything. By a publication we can know everything we want. A book is a set of written, printed, illustrated or even blank sheet. Every year seemed to be exactly added. This reserve Human Factors and Ergonomics in Consumer Product Design: Methods and Techniques (Handbook of Human Factors in Consumer Product Design) was filled with regards to science. Spend your time to add your knowledge about your research competence. Some people

has distinct feel when they reading the book. If you know how big good thing about a book, you can sense enjoy to read a e-book. In the modern era like currently, many ways to get book that you wanted.
