Esterification: Methods, Reactions, and Applications

Junzo Otera, Joji Nishikido

Esterification: Methods, Reactions, and Applications Junzo Otera, Joji Nishikido

Gathering together the widespread literature in the field, this monograph acts as a reference guide to this very important chemical reaction. Following an introduction, the book goes on to discuss methodology, before treating synthetic and industrial applications -- the latter being a new focus in this completely revised, updated and extended second edition.

A must-have for organic, natural products and catalytic chemists, as well as those working in industry, of for lecturers in chemistry.
