String Theory for the Rest of Us but not for Dummies: String Theory Simplified Beki Becker

What is String Theory?

Learn the foundational knowledge to understand String Theory and then tackle String Theory. Written in everyday language with a whimsical tone that is certain to keep you reading through such a dry topic.

String Theory is a strong contender for the Theory of Everything and has only been thought of within the last few decades.

String Theory isn't so hard to understand after all. It's just a way to understand how things / physics within the Universe interact. It unifies Quantum Mechanics and the Theory of Relativity.
