UPDATE: SECOND EDITION - WITH ADDED CONTENT!!

The Truth Revealed

Among all other soldiers, we can agree that the most controversial are the German soldiers. When we hear the word swastika, we immediately think of the gore and traumatizing event that people during the World War II have gone through.

This book, however, talks about four German citizens who strongly stood up for their moral duties to fully support their government.

Germans are intense believers of patriotism, and a good patriot is one who submits to authority.

It is safe to say that these soldiers have given up everything in order to serve their country, and this book re-tells the story of those soldiers who knew the taste of death, war and in the midst of it all, survival.

Below Are The Names of These 4 Brave Soldiers:

Unterscharführer Ernst Barkmann in Normandy

WWII Soldier Stories III: The Untold Stories of German Soldiers will take you back to the past and answer questions that you may have about the war. This will surely feed your curiosity.

Comments from Other Readers:

“I have read many of Ryan Jenkins' book. I appreciate the style and their succinct structure. More than the ease in which I am able to read these books, I love the content. I enjoy being regaled with history. I don't like books that are overwrought or the cover something common. I read the first 2 parts of soldier stories and I enjoyed them. When I learned about part 2, I had to buy. In this installment, I learned about the war from the German perspective. Oftentimes, we learn about the evils of the Third Reich but told from another perspective. It's good to get that insight. I feel I have a better understanding of that part of history as a result of reading this.” - Rob Lee

“There are plenty of stories that you may not know about that happened during World War 2 since the main focus is on the survivors and those who's accounts were written before death. This is a great book if you want to know more about the German side. Not all of them were bad people, so this is very interesting to me. This book accounts for only a few soldiers but it's very detailed on what they went through during the course of the war.” - Ashleigh Nolen

“This is a book centered on a few soldiers that fought in World War 2, and interestingly enough, these soldiers fought on the German side. I found it intriguing to read stories of a few men who received honors and praise, and what they did to warrant it. There are pictures of the soldiers as well as some helpful maps and other graphics sprinkled throughout the book to help the reader follow the stories better. I would recommend this book to anyone that is interested in World War 2 history, especially stories from the German soldiers' side of the war.
