Confronted by the photographer, Potter reluctantly gets caught up in delivering photographs and letters that could either destroy the pushed world or make the wolves stronger.

After Jack Seth pushes the lever, Isidor sets off in search of Melody Rose. His journey takes him back to Lake Lure where a series of child murders have been taking place. The murders are believed to have been committed by a winged creature, making Isidor the prime suspect.

While both Potter and Isidor hope the journeys they're taking will push the world back to how it once was, neither of them can truly understand why cracks are forming in the ground...and in the sky above them.
