You are about to embark on an amazing journey toward self-awareness, self-actualization and self-empowerment. The knowledge within these pages can transform your life. I know, because it transformed mine. As a young man I had a spiritual revelation and traveled to Africa—my ancestral homeland. My spiritual journey took me across the continent where I was taught by native spiritual practitioners and elder holistic healers. In Africa I was spiritually directed to gather the laws of the universe. They are the principles that govern every aspect of life. The universe exists in perfect harmony by virtue of these laws. They control and dictate what science calls energy, and what religions call God. If you understand the laws that govern Y.O.U. (Your Own Universe), you can manipulate, shape, and mold them to your liking. I have compiled these 124 Universal Laws and their use in The Laws of The Cosmos. These laws are the rules to The Game of Life. Mastering them will help you succeed in all aspects of life. The Laws of The Cosmos is a credible, and authentic source of wisdom and guidance that anyone can use to create whatever it is they desire to have or become. Imagine this; you are standing by a large pool of water and you throw in a stone that causes ripples in the water. The size, shape, and beauty of the ripples you create depends on the way you stand, the angle of your arm as you throw, the size of the stone and the concentration and the force with which you throw the stone. You do exactly the same thing with the laws that regulate the cosmos by your mental state of mind, emotions, and with your thoughts and intent. Be thy own master—control your fate, your destiny and your luck. Let The Laws of The Cosmos guide you to wealth, prosperity, balance, and a greater understanding of who you are in the universe.
