The Oxford Handbook of Public Management (Oxford Handbooks)

Ewan Ferlie

The Oxford Handbook of Public Management (Oxford Handbooks) Ewan Ferlie

The public sector continues to play a strategic role across the world. The last thirty years have seen major shifts in approaches to public sector management in many countries. There is also a fierce debate across academic disciplines about contemporary public administration/management: some advocate the use of more managerialist approaches; while others see managerialism as undermining democratic institutions. New roles have arisen, such as programme evaluation, management consulting, and reliance on NGOs and partnerships, which require new assessments. There is an intensified need for an analysis of contemporary public sector organisations, which are changing rapidly before our eyes.

It is thus time for an authoritative treatment of the major trends in public management, embracing both their intended and unintended consequences. This Handbook brings together leading international scholars to comment on key current issues. The individual chapters include broad overviews, in depth explorations of particular thematic areas and analyses of different theoretical perspectives such as political science, management, sociology and economics. The authors have space to develop their distinctive arguments. The editors provide an overall concluding chapter. The *Handbook* combines scholarly rigour, engaging writing and high policy relevance. It will be invaluable to advanced students, researchers and reflective public sector practitioners.

About the Series

Oxford Handbooks in Business & Management bring together the world's leading scholars on the subject to discuss current research and the latest thinking in a range of interrelated topics including Strategy, Organizational Behavior, Public Management, International Business, and many others. Containing completely new essays with extensive referencing to further reading and key ideas, the volumes, in hardback or paperback, serve as both a thorough introduction to a topic and a useful desk reference for scholars and advanced students alike.

Not only by written or printed but also can you enjoy this book simply by e-book. In the modern era like now, you just looking because of your mobile phone and searching what their problem. Right now, choose your current ways to get more information about your book. It is most important to arrange yourself to make your knowledge are still change. Let's try to choose right ways for you.

Ilene Bixler:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's internal or real their interest. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that reading is not important, boring and also can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this The Oxford Handbook of Public Management (Oxford Handbooks) can make you feel more interested to read.
