"Life" thinks outside the box in this book: Did Marilyn Monroe's pin up change the world? Did Harry Benson's photography of the Beatles deplaning in the New York in 1964 alter our cultural focus? The pictures in this book are some times beautiful, often striking, and undeniably powerful. On occasion, our arguments are provocative, even controversial. How does "Life" view 9/11? Abu Ghraib? The murders long ago in Mississippi so recently brought to justice? "Life" views these things, not in a political sense, but in the way pictures spoke the story. This is a fascinating volume, which is brought up to date.
