By the Hand of Providence: How Faith Shaped the American Revolution Rod Gragg

From the author of *Forged in Faith* comes the remarkable untold history of how the faith of our fathers critically influenced the outcome of the American Revolution and the birth of the United States of America.

“A page-turner that reads like a novel!”

Here, in the fascinating follow-up to his popular work *Forged in Faith*, award-winning historian Rod Gragg reveals how the American Revolution was fired and fueled by America’s founding faith—the Judeo-Christian worldview. Based on meticulous research and propelled by a fast-paced style, *By the Hand of Providence* uncovers the extraordinary, almost-forgotten history of the faith-based Revolution that secured American liberty and nationhood.

From the American people’s first resistance to attacks on their God-given or “inalienable” rights, through the dramatic battlefield events of the Revolution and General George Washington’s pivotal faith-based leadership, to the climactic surrender of Cornwallis’s British army at Yorktown, *By the Hand of Providence* exposes the long-overlooked but critical element that kept alive the American War for Independence and motivated the ultimate victory that established the United States of America.

In the words of George Washington: “The Hand of Providence has been so conspicuous in all this, that he must be worse than an infidel that lacks faith. . . .”

Graced by a fast-paced narrative and based on the extensive research Gragg has so notably applied to other events in American history, *By the Hand of Providence* is an insightful and fascinating account of the faith-based Revolution that secured American independence and nationhood.
