Qualitative Psychology: A Practical Guide to Research Methods

Qualitative Psychology: A Practical Guide to Research Methods

This **Second Edition** of a well established textbook remains an authoritative textbook by providing readers with step-by-step practical guidance to carrying out qualitative research in psychology. It's been completely freshened up, contains one extra chapter, and now has extended pedagogical coverage reinforcing good practice using the methods described. Covering all the main qualitative approaches now used in psychology today, each chapter is written in a lively and accessible style by international experts – many of them key figures in either the inception or development of their chosen method.
