Smart! A Reading Tutor's Guide Sylvia Keepers

SMART! A Reading Tutor's Guide is a complete handbook for adults who want to help teens excel at reading and learning. *SMART!* is also an indispensable aid in setting up a tutoring practice. It covers all aspects of individual reading instruction from word recognition through in-depth understanding at the advanced high-school level. With this guide, any educated person, even one who has never taught before, can help teens read well, love reading, and become motivated, independent learners.

While this book focuses on teaching teens, its use isn't confined to one age group. Teachers who work with younger children are using the ideas in *SMART!* to help their students become more confident, enthusiastic readers. At the same time, instructors of college students and adults will find practices here to help their students master the demands of higher level academic reading. *SMART!* also is unusually user friendly, with a logical step-wise structure, comprehensive References and Annotated Bibliography, and an in-depth Index.

High-quality tutoring transforms students' lives. As a tutor for more than three decades, Sylvia Keepers has had the opportunity and pleasure of playing a part in hundreds of such transformations. Teens and children no one had been able to help before now succeed regularly in school and in life as a result of her efforts. In *SMART!*, Sylvia shares winning practices, attitudes, and tips that will allow other tutors to experience a new level of success with their own students.
