## **Professional and Technical Writing Strategies: Communicating in Technology and Science (6th Edition)** Judith S. VanAlstyne

Comprehensive and easy-to-read, this award-winning reference for those in technical, engineering, and scientific fields emphasizes practical writing. Its presentation and applications offer simple guides that users can easily emulate. It combines instruction, sample papers, exercises and writing projects for manuals, correspondence, research and publication articles, and oral technical communications. The volume addresses general communication strategies, correspondence, preparing resumes, cover letters, and interviews, writing brief reports, producing professional papers, presentation strategies, verbal and visual communications, plus designing and managing web sites. For technical, engineering and scientific professionals interested in communicating more effectively.
