Sun Tzu: The Art of War (Deluxe Edition): The Ultimate Book of Ancient Chinese Military Strategy, Leadership and Politics Sun Tzu

The Art of War is the earliest known treatise on war and military strategy in the world. It is a systematic guide to strategy and tactics for common men, business leaders, rulers and commanders. It is regarded as one of the most influential philosophical works of Ancient China.

Sun Tzu's teachings are brief yet elegant, simple yet philosophical and exceedingly pragmatic. The book has recently been endlessly reinterpreted, reinvented, and imitated.

Sun Tzu was a Chinese military strategist, Taoist philosopher and general in the 6th century BCE. His insistence on the close relationship between political considerations and military policy greatly influenced many modern leaders and strategists, including Henry Kissinger.

This deluxe edition covers The Art of War in three parts. Part 1 presents the best selling and most authentic translation of Sun Tzu so far, the translation of Lionel Giles. Part 2 includes an extensive introduction to the book written by Giles which focuses, among others, on the historical context of Sun Tzu's text, Sun Tzu's life and work, contemporary scholarship on Sun Tzu, and Sun Tzu's thoughts on war and violence. Part 3 includes summaries of all 13 chapters of the book, a brief history of ancient Chinese military before and after Sun Tzu, review questions for learners, a recommended bibliography of modern critical appreciations for further reading.

Like Machiavelli's The Prince and the Japanese Book of Five Rings, Sun Tzu's The Art of War is as timely for business people today as it was for military strategists in ancient China. -- Samuel B. Griffith, author of The Battle for Guadalcanal and the editor and translator of Mao Tse-tung: "On Guerilla War"

Japanese companies have regularly held study groups to seek insights from The Art of War that may be implemented as corporate strategy. -- Ralph D. Sawyer, author of Sun Tzu: The Art of War

A worldwide management phenomenon. -- Donald G. Krause, author of The Art of War for Executives
