As more and more so-called experts challenge what the Bible says about the creation of man, we must take aim with straightforward, Christ-centered answers.

Today's generation is bombarded with theories about humankind and its origins. In *Fatal Flaws*, now in paperback with a study guide included, Hank Hanegraaff keeps Christians from falling prey to corrupting scientific speculation about the origins of life and reminds us that we are God's creation. This common-sense approach puts the concept of evolution in the grasp of everyday Christians and reminds us that ultimately the key to our purpose in this life comes from understanding whose we are and who created us.
