Reflecting on and Equipping for Christian Mission (Regnum Edinburgh Centenary)

This volume looks at mission formation for all Christians and missionary formation for mission workers, agencies and churches in a changing situation of mission. The focus is on educating the whole people of God. Here is the reason for the title of this volume: Reflecting on and Equipping for Christian Mission. Theological education in the broad sense participates in the task of equipping people for God's mission in today's world. At the same time we affirm that all theological education is contextual and that no particular context should exercise dominant influence.
