Praised everywhere as a stunning work of reportage, TAKEOVER lays bare a hidden agenda, three decades in the making, to allow the White House to wield enormous powers, unchecked by Congress or the courts--an agenda that links warrantless wiretapping and Bush's judicial nominees, torture and Cheney's energy task force, the faith-based initiative and the imprisonment of citizens without trial. TAKEOVER tells the story of how a group of true believers, led by Cheney, set out to establish near-monarchical executive powers that, in the words of one conservative critic, "will lie around like a loaded weapon" for any future president.
