Integrating Study Abroad Into the Curriculum: Theory and Practice Across the Disciplines

"This book presents a wide range of strategies aimed at effectively integrating the benefits of time spent abroad with developments in the home campus curriculum. Drawing on a wealth of study abroad experience, this book focuses on the intentional integration of students' educational and personal experiences abroad for transformational learning and development at home."?Comparative Education Review

This book describes how to structure study abroad to bridge the separation of academic learning from experiential and intercultural learning; and integrate study abroad with the undergraduate curriculum.
