Miranda Fenster was known as the Fairy Tale Miss during the one disastrous London season that convinced her she would never have a happily-ever-after. But when her brother's elopement is thwarted by the stubbornly proper Duke of Kerstone, Miranda sets off to convince the duke to champion her brother's cause for love. Unfortunately, he is too proper to consider love, or any matters of the heart, a suitable reason for marriage, and too proper not to marry Miranda when they find themselves compromised. Now, Miranda is an unexpected duchess caught up in a marriage-of-convenience with a man she has loved from afar. The new duchess is sure of only one thing: she has a second chance for happily-ever-after, if she can uncover her new husband's darkest secret, and make him believe that fairytale endings can be real.
