**Accounting Theory: Text and Readings** Levis D. McCullers, Richard G. Schroeder

Providing accounting students with a theoretical background with which to evaluate current accounting practice, this edition represents a major revision from its predecessors. Additional material has been added on the historical development of accounting. Approaches to accounting theory, theories on the uses of accounting information and the conceptual project are presented at the beginning of the text, and serve as a framework for the discussion of various issues throughout the book.
