Finally, the information you've been waiting for: who really killed JonBenet?

Perhaps the most compelling murder case of our day, the death of six-year-old JonBenet Ramsey galvanized the nation-and years after it occurred, the mystery still endures. Who killed the young beauty queen and why? Who is covering up for whom and who is simply lying? In *JonBenet*, the most authoritative and comprehensive study of the Ramsey murder, a former lead Boulder Police detective, Steve Thomas, explores the case in vivid and fascinating detail-pointing the way toward an analysis of the evidence some deem too shocking to consider. Here, Thomas raises these and many other provocative questions:

-How was the investigation botched from the beginning-and why did police so carelessly allow the crime scene to be tampered with?

-Why were John and Patsy Ramsey protected from early questioning and any lie-detector tests, even though their stories and behavior were erratic, suspicious and inconsistent?

-Why was crucial evidence ignored, why were certain key witnesses unquestioned by detectives, and why were the Ramseys privy to sensitive information about the case and even police reports?
