Practical High-Performance Liquid Chromatography

Veronika R. Meyer

Practical High-Performance Liquid Chromatography Veronika R. Meyer **Jump into the HPLC adventure!**

Three decades on from publication of the 1st German edition of Veronika Meyer's book on HPLC, this classic text remains one of the few titles available on general HPLC aimed at practitioners.

New sections on the following topics have been included in this fifth edition:

- Comparison of HPLC with capillary electrophoresis
- How to obtain peak capacity
- van Deemter curves and other coherences
- Hydrophilic interaction chromatography
- Method transfer
- Comprehensive two-dimensional HPLC
- Fast separations at 1000 bar
- HPLC with superheated water

In addition, two chapters on the instrument test and troubleshooting in the appendix have been updated and expanded by Bruno E. Lendi, and many details have been improved and numerous references added.

A completely new chapter is presented on quality assurance covering:

- Is it worth the effort?
- Verification with a second method
- Method validation
- Standard operating procedures
- Measurement uncertainty
- Qualifications, instrument test, and system suitability test
- The quest for quality

Reviews of earlier editions

"That this text is written by an expert in both the practice and teaching of HPLC is evident from the first paragraph....not only an enjoyable, fascinating and easy read, but a truly excellent text that has and will serve many teachers, students and practitioners very well." —*The Analyst*

"...provides essential information on HPLC for LC practitioners in academia, industry, government, and research laboratories...a valuable introduction." - *American Journal of Therapeutics*

Teresa Cook:

As a college student exactly feel bored in order to reading. If their teacher questioned them to go to the library in order to make summary for some publication, they are complained. Just little students that has reading's soul or real their pastime. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that examining is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country.
