New Forms of Worker Organization: The Syndicalist and Autonomist Restoration of Class-Struggle Unionism

New Forms of Worker Organization: The Syndicalist and Autonomist Restoration of Class-Struggle Unionism

As bureaucratic labor unions are currently under assault throughout the world, most have surrendered the achievements of the mid-20th century, when the working class was a militant force for change. As unions implode and weaken, workers are independently forming their own unions, rooted in the tradition of syndicalism and autonomism—and unions rooted in the tradition of self-directed action are auguring a new period of class struggle throughout the world. In Africa, Asia, the Americas, and Europe, workers are rejecting leaders and forming authentic class-struggle unions rooted in sabotage, direct action, and striking to achieve concrete gains. This is the first book to compile workers struggles on a global basis, examining the formation and expansion of radical unions in the Global South and Global North. The tangible evidence marshaled in this book serves as a handbook for understanding the formidable obstacles and concrete opportunities for workers challenging neoliberal capitalism, even as the unions of the old decline and disappear. Contributors include Au Loong-Yu, Bai Ruixue, Arup K. Sen, Shawn Hattingh, Piotr Bizyukov and Irina Olimpieva, Genese M. Sodikoff, Aviva Chomsky, Dario Bursztyn, Gabriel Kuhn, Erik Forman, Steven Manicasteri, and Jack Kirkpatrick.
